The Functional Assessment performance report along with the application information and any supplemental documentation are reviewed by an El Lift Eligibility Specialist who will make a determination regarding the applicant’s eligibility for paratransit service. The customer is notified by mail of their eligibility status within twenty-one days of the completed record. Canceling your trip when the operator arrives is considered a Cancel at the Door.

The Penalties

When you accumulate any combination of three (3) No-Shows, Late Cancellations, or Cancel at Door within a 30-day period, you will receive a warning letter and follow up phone call. After (4) No-Shows, Late Cancellations, or Cancel at Door within that 30-day-period, a written Notice of Service Suspension will be issued and services will be suspended for 7 days. Five (5) No-Shows, Late Cancellations or Cancel at Door within the following 30-day period will result in a 30-day service suspension. Every attempt will be made to resolve disagreements concerning specific No-Shows, late cancellations and cancel at door. Any suspension of service will include the opportunity for the passenger to submit a written appeal, which must describe the No-Show occurrences,

10. RULES OF CONDUCT

Riders are asked to follow these rules of conduct to ensure the safety and comfort of all riders and the operator.

Paratransit Services may offer travel times (1) one hour before or (1) one hour after the requested travel time as established under the Americans with Disabilities Act (ADA) of 1990 service criteria. Pick-up times in excess of one hour however, must be agreed to by the rider i.e. the rider has the right to require a pick-up time within an hour before or after his/her requested time.

If a rider refuses a pick-up offered during the (1) hour before or after time period, then it is not counted as a trip denial. If EL METRO cannot provide a trip requested during this period of time period, then it would be counted as a trip denial.

Tips for Scheduling Service

When scheduling rides for specific times, be sure to allow plenty of time to finish your appointment in order to meet the vehicle at your scheduled pick-up time. Be aware of opening and closing times at your destination to avoid waiting outside the building before or after business hours. When scheduling your trips, please follow these suggestions:

- Allow adequate time to reach your destination.
- Allow extra time for the pick-up and drop-off of other passengers before reaching your destination. (Keep in mind, this is a ride-share service)
- Allow for traffic conditions and weather delays.

Confirming Your Trip

Trips will be confirmed at the time a trip reservation is scheduled. The Reservation Agent will repeat the date, time, addresses, and any other details of the trip. The evening before travel, the El Lift automated telephone system will call customers reminding them of their trips for the next day and giving them the option to cancel the trip, if needed.

Canceling Trips

Trips must be canceled at least two (2) hours before the start of your ready-time window. Trips that are not canceled at least two (2) hours before the start of the ready-time window will be considered a Late Cancellation. Canceling well in advance allows Paratransit Services to redirect vehicles to other riders needing service thus providing more service opportunities for all passengers. To cancel, you must call our EL LIFT offices at (956)795-2290 Monday thru Sunday between 8:00 a.m. – 5:00 p.m.

Changing or Canceling a reservation

If you want to change a reservation, please call between 8:00 AM and 5:00 PM. Changes must be requested at least a day in advance). In either case, Call El Lift at 956-795-2290 to revise or cancel a trip.

“Will Call” Trips

Occasionally, customers need open-ended return times because they do not know when they will be ready to be picked up. Customers may request open-ended pick up times for medical appointments or jury duty only. Customers must let reservation agents know at the time reservations are made that they want a ‘will-call’. Will-call pick-ups are activated when customer notifies the El Lift reservation agent that they are ready to be picked up. El Lift will dispatch a vehicle as soon as possible; however, under certain peak times and high use circumstances it can take up to two hours before the vehicle arrives to the pick-up location. Will-call pick-ups are not recommended unless all other options have been eliminated.

Our Holiday schedules are in effect on Christmas Eve, New Year’s Day, Independence Day. Please make your appointments on regular hours as stated. Vans will operate Sunday hours for Holidays.

Visitors

Out-of-town visitors who are ADA certified in other cities or who have obvious mobility limitations can use El Lift services on a temporary basis. Visitors must contact El Lift Office Monday through Friday, 8 a.m. to 5 p.m., at 956-795-2290 no later than two (2) weeks before service is required.

Once this is done, advance reservations can be made up to seven (7) days in advance. The policies and procedures in this guide apply to visitors.

Visitors can use El Lift Service for 21 days out of any 365-day period. Receiving service beyond 21 days will require the person to apply for El Lift service and an eligibility determination by El Metro Lift Services.

Service Animals

Guide dogs and other service animals are allowed to accompany you if this need is indicated in your file. Please inform Scheduling if a service animal will be accompanying you when scheduling your trips.

Subscription Service

Subscription Service is limited to riders traveling to the same place at the same time at least three (3) times a week for a minimum period of 120 days. EL LIFT reserves the right to restrict and/or prioritize Subscription Service to maintain a maximum level of fifty percent (50%) as required by the ADA, when there is no excess demand capacity available. EL LIFT will terminate any Subscription Service that is canceled 50% or more of the time during any 30-day period, or if there is a consistent pattern of cancellations of any part of a subscription.

Before the 120 days minimum expires, the passenger will be required to re-apply for subscription services.

Eligible passengers can schedule subscriptions for repetitive trips for employment, school, and acute medical treatment (i.e., kidney dialysis, chemotherapy and physical therapy.) To maximize multi-loading, pick-up times will be negotiated up to one hour before or after the pick-up time requested by the passenger.

Van operators will not, however, operate the controls of an electric mobility device and will not carry a customer or bear the customer's weight.

This service will not be provided at workshops, dialysis clinics or adult day activity centers when staff are available to help, and is not offered to customers with "Do Not Leave Alone" status. Customers must also promptly appear when the van arrives. El Lift sends phone calls when a van is on the way, and Assist-to-Door is not a van arrival notification service.

Customers who require Van Operator assistance at the origin and/or destination stage of all El Lift trips must complete a brief application prior to taking a trip in order to establish the need for full-time (i. e., at all origins and destinations) assistance. Approval is contingent upon a safety inspection at a customer's residence to establish the presence of a suitable ramp, steps and/or pathway and a reasonable distance between the customer's door and a waiting van. If a customer requires Assist-to-Door service for all El Lift trips, please contact El Lift Mobility Manager by phone at (956) 795-2290.

Van Operators can also assist customers upon request to or from the van at an unfamiliar location or down steps. Customers who need occasional assistance at their home should inform the Reservation Agent when making a reservation.

Assist-to-door service DOES NOT include any of the following:

- Assisting passengers on unsafe or steeply inclined mobility ramps or stairs
- Walking through the door of a house, apartment, or building
- Locking/unlocking doors or activating/deactivating house alarms
- Loading/unloading personal items
- Lifting or carrying a customer
- Pushing a mobility device over steps

You must reserve space for your PCA when scheduling your trip. 7. RIDING PARATRANSIT SERVICES

Pick-up/Drop-off Procedures

To ensure that a rider's trip goes smoothly, Paratransit Services has established the following pick-up and drop-off locations for the rider's convenience.

Where to Wait

Paratransit Services is a curb-to-curb, ride-share program that complements EL METRO's fixed route bus services. Riders must be waiting at the sidewalk, or at another safe waiting area in front of, or as close as possible to, the entrance of the pick-up location. Operators will wait for a rider at the curb of a public street, in front of, or as close as possible to, the rider's house, building, or other designated pick-up location. The operator cannot enter the building or go beyond 10 ft. from the vehicle. If a rider will need assistance exiting the pick-up location a companion or personal care attendant must be available to assist. For drop-offs, the operator will drop the rider off at the sidewalk, or another safe waiting area next to the curb or a public street in front of, or as close as possible to, the designated drop-off location.

Apartments/Office Complexes

When scheduling your trip, please provide Paratransit schedulers with specific building name and number within the complex. Operators will pick up the rider at that specific building. If a rider's building is located within a gated community and requires special entry, notify the security office to arrange entry for the Paratransit vehicle before pick-up time. If the rider does not arrange entry, and the vehicle is unable to enter the pick-up area, the rider will be considered a No-Show.

Nursing Homes

Riders with pick-ups at nursing homes should meet the operator in front of the curb or at another safe waiting area in front of, or as close as possible to entrance or loading area. Operators cannot assist riders in and out of a nursing home; staff should be ready to assist the individual out of the nursing home, if necessary. Riders will unload at the curb/sidewalk in front of any major and or the safest possible entrance or loading area of the nursing home.

Adult Program/Day Care Centers

Riders attending adult programs or day care centers should be present when paratransit services vehicles arrive. **Operators cannot assist riders in or out of adult program/day care centers.** Center's staff must be ready to assist the individual in or out of the center, if necessary. If the Adult/Day Care Center requires special entry, the rider or center staff should arrange entry for the paratransit vehicle before pick-up time. If the rider or center staff does not arrange entry, and the vehicle is unable to enter the pick-up area, the rider will be considered a No-Show, and therefore the Adult Program/Day Care will resume responsibility for returning the rider to their home. Paratransit Services has designated standard pick-up and drop-off sites at major centers and destinations such as large medical centers and malls. If a rider schedules a trip to one of these destinations, the scheduler will inform the rider of the specific pick-up and drop-off location.

How Long An Operator Must Wait

When the van arrives the Van Operator will wait five (5) minutes to allow the customer to board the vehicle. If the customer is not present or is not ready to board the vehicle after five (5) minutes, the Van Operator will leave and the customer will be considered a "no-show."

If the Van Operator arrives before the pick-up window (more than ten (10) minutes before the pick-up time), the five (5) minute wait time will begin ten (10) minutes before the scheduled pick-up time. Van Operators may arrive early; however, it is the customer's choice whether to board the van early or wait until the pick-up window timeframe begins.

For example, if a customer has a 1:00 p.m. pick-up time and the Van Operator arrives at 12:30 p.m., the Van Operator must wait until 12:55 p.m. to allow the customer to board the van. If the customer has not boarded the van by 12:55 p.m., the Van Operator will leave and record the trip as a "no-show."

Boarding Mobility Devices

Paratransit Services will make every attempt to accommodate standard mobility devices. These devices are defined as not to exceed 48" in length and 30" in width

and 600 lbs. in total weight. Mobility devices larger than these standards will be denied service aboard Paratransit Services. For our riders' safety, paratransit services cannot transport riders with broken mobility devices or without working brakes. Please be sure that wheelchairs, or other mobility devices, are clean, safe and in good working condition, before traveling aboard paratransit services. Operators on paratransit services will make all attempts to secure standard wheelchairs and scooters. If a wheelchair or scooter exceeds the normal size, the operator may ask the rider to transfer to a seat, as it may be difficult to safely secure the passenger within the mobility device. It is the rider's choice to transfer or remain in their mobility device. If the rider refuses to transfer to a seat the van operator will notify the dispatcher and El Metro will not assume responsibility and will cancel trip to avoid mishaps or accidents. If a rider is traveling with a child who is 4 years of age or younger, or weighs 40 pounds or less, Paratransit Services strongly recommends that the child be secured in a child safety seat. Paratransit Services does not provide child safety seats for children.

When To Be Ready

Paratransit vehicles will arrive any time within a 15 minute ready-time window. For example, if you are scheduled for a pick-up at 9 a.m., then your ready-time window is between 8:45 a.m. and 9:15 a.m. The vehicle will arrive any time between 8:45 a.m. and 9:15 a.m. Please be ready to board the vehicle immediately upon arrival, or your vehicle will leave after 5 minutes, and you will receive a No-Show.

When your vehicle arrives, you are required to present your Paratransit Identification Card and the exact fare or a valid coupon. Please note: The operator cannot take you to your requested destination without the required fare. Eating, drinking, and smoking are prohibited on Paratransit vehicles.
