

Weather Advisory Aviso Por El Clima

El Metro Transit is carefully monitoring the weather, expected to impact the City with snow, sleet and freezing rain. Metro customers should plan ahead and allow extra time for their commutes.

Delays for Fixed Route and El Lift services are likely if roads are covered with ice and snow, and both walking and driving could become treacherous. Transit center, bus stops, and parking lots could be slick so customers are asked to be extra careful.

El Metro esta monitoreando el clima, esperamos lluvia, hielo y probablemente nieve. Les pedimos a los pasajeros de El Metro que planifiquen su viaje con anticipacion.

Esperamos demoras en nuestras rutas fijas y en el servicio del El Lift debido a los avisos del mal tiempo. El Metro transit center, nuestras paradas, y estacionamientos podran estar resbalosas debido al hielo y les pedimos que tomen extra precaution.
